2. Needs-based Highway Phasing for 2027-2055 TVRPO Plan

Wayne Bennion with WFRC introduced this item, noting that the objective is to prioritize the highway needs identified at the April workshop into three phases: 2027-2036, 2037-2046, and 2047-2055. He emphasized that the phasing will be needs-based and not consider funding constraints. After today's discussion, this phasing will be shared with UDOT to provide input as they begin to develop a statewide transportation plan that will include funding constraints.

The group discussed various anticipated development and other considerations, and developed a draft phasing of the highway needs.

3. Other Business

There was no other business.

4. Next Meeting

The next meeting is scheduled for September 14, 1:30 pm.
