

“5th 5th” Local Option Sales Tax - Davis County

Background: The 0.20% county-imposed local option transportation sales tax, also known as the “5th5th” was authorized by [SB136](#) (2018 Legislative Session) specifically for public transit capital and service delivery expenses. With the authorization set to expire and few counties having imposed, [SB 260](#) (2023 Legislative Session) eliminated the imposition deadline, allowing (but not requiring) any county legislative body to impose the 0.20% local option sales tax, and divided the 0.20% between transit, cities, and counties. The 0.20% authorization was further amended in [HB488](#) (2024 Legislative Session) which, among other changes, gave additional flexibility to Salt Lake County for uses of the county portion for public safety. Further changes were authorized by [HB502](#) (2025 Legislative Session), and [SB242](#) (2026 legislative session), which amended the distribution of some of the funds and provided 2nd class counties with additional flexibility. This is codified in [59-12-2220](#) unless otherwise specified.
